

Flagger Training

Background Information: Initially PennDOT recommended that all flaggers should be trained in safe traffic control practices and public contact techniques but that all changed in April 2010, when the department updated Publication 408, the language now reads all flaggers are required to be trained. This includes individuals who have flagging responsibilities on *any road open to the public*.

PennDOT Mandated Flagger Training Course: This course meets the PennDOT Publication 408 flagger training requirements mandated for all flaggers in Pennsylvania. The course emphasizes teaching work zone traffic control guidelines and set-ups for typical municipal and utility work. All attendees who pass (70%) a 20-question exam will receive a flagger training wallet card, which is valid for three years.

Date: Thursday, December 14th, 2023
