Presents

ORGANIC LAWN CARE!

SAT, FEB 11 FROM 9-10:30 AM

Spring is on its way! Springtime means a lot of yard work. Do you want to keep your lawn looking great but make healthy choices for your family, pets and the environment? Join Ian Miller, a professional in the organic lawn care industry, to learn about what you can do as a homeowner to maintain a healthy, organic lawn this growing season. Topics covered will be compost top dressing, organic fertilization, weed control, proper mowing techniques and more! This program is sponsored by the Quaker Valley Council of Governments Clean Water Initiative and is free to the public but space is limited so registration is required!
